Full Stack Web Development, Udemy

2022

Bachelor of Agriculture, Chandra Shekhar Azad University Of Agriculture And Technology, Kanpur 2017 - 2021

SKILLS

Technical Skills	React JS, Node.Js, Express.Js, MongoDB, Typescript, Redux,Git,Data structure nd Algorithm,
Soft Skills	Team Collaboration, Time Management, Adaptability,Communication
Language	Javascript

EXPERIENCE

Junior Software engineer

Mrach 2022 - Sept 2023

Procxl Private Ltd.

Hyderabad, Telangana

- Collaborated with the frontend team to migrate legacy code to Redux, improving state management and application performance.
- Customization-Extensive experience in customizing React JSON Schema forms to deliver intuitive and user-friendly interfaces while effectively validating and managing data
- Designed and implemented RESTful API routes in the backend to support new features and functionality.
- Implemented JWT token authentication in Express.js to enhance the security of the application
- Worked on Material UI components and themes to create a cohesive and visually appealing user interface
- Conducted unit testing and participated in debugging sessions to ensure the stability of the applications
- Actively used Git for version control throughout the project. I regularly committed code, branched for feature development, and merged code changes using Git.
